ENERGY in BUILDINGS – Crete 2026
Saturday Feb 14, 2026
Heraklion, Crete

#	<p>Alkis T. Triantafyllopoulos Mechanical Engineer Head of Engineering at Menerga Hellas ASHRAE HVAC Trainer ASHRAE DL (Distinguished Lecturer)</p>	
Title:	Μηχανολόγος Μηχανικός, ASHRAE DL, ASHRAE Instructor	
email:	a.trianta@gmail.com	•
Presentation title:	Psychrometrics — From Fundamentals to Advanced Applications	
CV:		
<p>Mr. Triantafyllos Andreas Triantafyllopoulos is a distinguished professional in the field of Mechanical and Energy Engineering with over two decades of experience. His career spans significant achievements in HVAC (Heating, Ventilation, and Air Conditioning) design, energy systems, and sustainable engineering solutions. A Chartered Engineer (CEng) since 2002, Mr. Triantafyllopoulos has consistently demonstrated expertise in engineering innovation and environmental stewardship. He has been an active member of ASHRAE since 2014 and currently serves as a Regional Vice Chair and Society Trainer, showcasing his dedication to professional development and knowledge sharing within the engineering community.</p> <p>Educational Background</p> <p>Mr. Triantafyllopoulos holds a Master’s degree in Energy Engineering from Heriot-Watt University (2008) and a Bachelor’s degree in Mechanical Engineering from Staffordshire University (2002). His academic foundation laid the groundwork for his specialization in energy-efficient systems and advanced HVAC technologies. Additionally, he has completed multiple courses through the ASHRAE Learning Institute, including "HVAC Design: Level I Essentials" (2019) and "Designing and Operating High-Performing Healthcare HVAC Systems" (2020).</p> <p>Professional Registrations and Certifications</p> <ul style="list-style-type: none">• Chartered Engineer (CEng): Registered in the United Kingdom since 2002.• ASHRAE Certifications: Recognized as a Level I and Level II Society Trainer. <p>Mr. Triantafyllopoulos has actively participated in ASHRAE technical and standards committees, contributing to the development of HVAC guidelines and best practices:</p> <ul style="list-style-type: none">• SSPC 62.1 Ventilation for Acceptable Indoor Air Quality (2024–2026): Consultant and Subcommittee Member.• SPC 227 Passive Building Design Standard (2022–Present): Member.• Technical Committees (TC) member:<ul style="list-style-type: none">o TC 05.05 (Heat Recovery) and TC 05.07 (Heating Systems).o TC 08.10 (Mechanical Dehumidification Equipment).o TC 05.07 (Evaporative Cooling).
